Magic in Plain Sight: LGBTQ Reading Recommendations for Pride Month
By Claire Rudy Foster

The queer liberation movement we celebrate every June shines a light on a community often forced into the margins. Growing up in Virginia, I knew many people who hid their lives in plain sight, from a closeted teacher to the neighbors who were “traveling companions.” I knew I wanted more for myself: I didn’t want to hide. The voices I discovered at my local library connected me to a world LGBTQ people were included, valued, and respected. Here are some of my recent favorites, all of which are available through MCPL.
